## New Zealand

When visiting New Zealand, if you want to see everything, you must visit both islands. We are able to shorten and modify the tours inside this catalogue however; a thorough visit to New Zealand should be at least 12 days long.

**Pg.3:** 12 day green experience tour

**Pg.5:** 14 day exploration of Aotearoa

**Pg.7:** 15 day path of the brave warrior tour

**Pg.9:** 20 day tour through unique nature

Your chosen itineraries in New Zealand, Australia and the Pacific Islands can be joined together, however to see the entire Australasia region you will need many weeks or two to three separate visits.

### Examples of combined itineraries:

- Perth → Darwin → Central Australia → Sydney → 14 day exploration of Aotearoa → Samoa
- 15 day path of the brave warrior tour → Papua New Guinea → Solomon Islands → Vanuatu

To economize your time while visiting Australia, our travel products are divided into short stays in the main cities and regions of this large country. Upon selecting your preferred places to visit, we will find you the best possible flight connections to join the chosen places together. Of course we are able to modify every Australian programme to your liking and preferences.

**Pg.11:** 4 days in Adelaide visiting the Barossa Valley

**Pg.13:** 4 days in Brisbane visiting the Gold Coast

**Pg.15:** 4 days in Cairns with Great Barrier Reef cruise
